EXPERIENCE

March 5, Uganda— *Front-End Developer*

Enrolled

Worked with a team of developers, both front and backend developers, to accomplish meaningful tasks such as building a user-friendly website with beautiful UI designs using React, Redux, and Material UI (MUI).

Performed software testing to uncover bugs ad troubleshoot performance before the application

launch.

Collaborated with developers spanning multiple time zones on all stages of the system

development lifecycle, from requirement gathering to production releases.
